# MASTER OF PETROLEUM ENGINEERING SCHOLARSHIPS

Situated in the midst of the world's first unconventional gas to LNG industry, the Master of Petroleum Engineering program covers the technical disciplines associated with the development of conventional and unconventional oil and gas resources. The program combines UQ's world-class reputation in teaching and research with current industry insights to shape you and your fellow students as the next generation of highly skilled professionals that will solve future energy challenges.

## SCHOLARSHIPS AVAILABLE

The Centre for Coal Seam Gas at The University of Queensland is offering scholarships for high calibre candidates wishing to study the Master of Petroleum Engineering commencing in Semester 1, 2017. These prestigious scholarships will be awarded on merit to candidates who clearly demonstrate the potential to positively contribute to the oil and gas industry as a petroleum engineer.

- One partial tuition fee scholarship (up to \$15,000) (all domestic applicants)
- One partial tuition fee scholarship (up to \$15,000) (female domestic applicants only)

## ELIGIBILITY

Scholarship candidates must meet the following requirement:

- An approved bachelor degree or equivalent.

Note scholarships are available for domestic students only (Australian/New Zealand citizens and Australian permanent residents)

## HOW TO APPLY

Candidates can apply online until 16 December 2016.

The Program will commence in February 2017 at The University of Queensland (Brisbane).

For scholarship application forms, terms and conditions, search 'petroleum' at:

[www.uq.edu.au/scholarships](http://www.uq.edu.au/scholarships)

The Centre for Coal Seam Gas is funded by Shell/QGC, Arrow Energy, Santos and Asia Pacific LNG.

CRICOS Provider Number 00025B
