

CHECKLIST Bachelor of Engineering (Honours)/Master of Engineering – Civil & Fire Safety Engineering (2350): Completion of pre-2021 program

IMPORTANT Notes:

- The information contained in this document is intended as general advice only. Students must follow the program rules & requirements listed on the [Programs and Courses Website](#) relevant to the year they commence. This planner must be used in conjunction with your program duration course list and program rules.
- Students need to check future course offerings, prerequisites, incompatibilities and restrictions for all courses as these are subject to change.
- Students cannot take courses that are incompatible with courses already counted towards their program, and cannot count the same course twice.

You must complete for the BE(Hons)/ME (Civil & Fire Safety Engineering Plan code: CIVFSX2350), 80 units comprising -

- 68 units from [part A - compulsory](#), and
- 6 units from the combination of [part B2](#) electives; with
- 4 units from electives, being courses on the BE(Hons)/ME list or other courses approved by the executive dean.
 - a minimum of 2 units from the combination of part [B1](#) and [B2](#); and
 - a minimum of 4 units of courses from part [Part B0 - Preparatory Mathematics & Science Electives](#)B0

PART A

Tick the courses you have completed and nominate the alternative course you plan to choose (if required). Discontinued courses are coloured red.
