THE ALUMINA QUALITY WORKSHOP INC SCHOLARSHIP

(The scholarship was established in 2009 and is maintained by an annual gift for 5 years from Alumina Quality Workshop Inc. The Alumina Quality Workshop Inc (AQW) is an association of Australian based alumina producers, whose members are: Alcoa World Alumina, Worsley Alumina Pty Ltd - BHP-Billiton, Rio Tinto Alcan, UC RUSAL and Queensland Alumina Ltd. AQW's key objectives include fostering technology development, research and education for the betterment of the alumina refining industries, particularly in Australia.)

1 Purpose
The purpose of the scholarship is to encourage meritorious students who are undertaking their final year of study in the Bachelor of Engineering program, in the field of chemical and metallurgical engineering.

2 Definitions
In these Rules -
Approved undergraduate Engineering program includes a dual program with a Bachelor of Engineering component and the integrated Bachelor of Engineering / Master of Engineering.
AQW means Alumina Quality Workshop Inc.
AQW scholarship means the Alumina Quality Workshop Inc Scholarship.
Head means the Head of School, School of Chemical Engineering.
relevant field means chemical and metallurgical engineering.

3 Award and value of scholarship
(1) Senate may award one AQW scholarship each year, on the recommendation of the Head.
(2) The value of the scholarship is $7,500 for one year.

4 Additional benefits
AQW may offer the recipient of a scholarship any of the following opportunities -
(a) thesis mentoring;
(b) an ambassadorial role.

5 Eligibility for award
An applicant is eligible for the scholarship, if the applicant-
(a) submits an application to the Head, by the closing date for applications; and
(b) is a domestic student within the meaning of the Fee Rules; and
(c) is enrolled full-time in the final year of an approved undergraduate Engineering program, in the relevant field; and
(d) does not hold a scholarship that the Head considers to be similar to the AQW scholarship.

6 Selection of award
(1) For the selection process, the Head must establish a selection committee, comprising -
(a) the Head, or nominee, as chair of the committee; and
(b) a representative of AQW; and
(c) a member of the University's academic staff teaching in the relevant field, with University staff in the majority.
(2) The scholarship is awarded to the applicant showing greatest merit as demonstrated by -
(a) academic achievement in courses undertaken in an approved undergraduate Engineering program in the relevant field; and
(b) the strength of the interest that the applicant demonstrates in the field; and
(c) the applicant's personal qualities, including leadership potential; and
(d) any other matter that the selection committee considers to be relevant to the applicant's future success.
in the engineering profession.

7 Conditions for scholarship
(1) The recipient may hold the scholarship for 1 year, subject to the recipient -
   (a) continuing to be a domestic student within the meaning of the Fee Rules; and
   (b) continuing to be enrolled full-time in an approved undergraduate Engineering program in the
       relevant field; and
   (c) maintain satisfactory academic progress; and
   (d) not holding a scholarship that the Head considers to be similar to the AQW scholarship.
(2) satisfactory academic progress, means that the recipient gains a GPA of at least 5.0 for each semester of
    study for which the recipient holds the scholarship.
(3) If a recipient fails to satisfy rule 7(1), must show cause why the scholarship should not be cancelled
