THE GENEVIEVE GREIG MEMORIAL SCHOLARSHIP FOR WOMEN IN CHEMICAL ENGINEERING

The scholarship was established in 2012 and maintained by the annual income from the Genevieve Greig Memorial Trust.

1 Purpose
The purpose of the scholarship is to encourage and support female students who can demonstrate that they experience financial need, while they undertake their final 3 years of study of an approved Engineering program. The donor may extend the scholarship by 1 year for students continuing in the Bachelor of Engineering / Master of Engineering or Bachelor of Engineering (Honours) / Master of Engineering.

2 Definitions
In these rules-

Approved undergraduate Engineering program includes the Bachelor of Engineering or Bachelor of Engineering (Honours) or integrated Bachelor of Engineering / Master of Engineering or Bachelor of Engineering (Honours) / Master of Engineering program, or a dual program that includes a Bachelor of Engineering or Bachelor of Engineering (Honours) program.

BE program means the Bachelor of Engineering program and includes a dual program that includes a Bachelor of Engineering component.

Head means the Head of School, School of Chemical Engineering.

relevant field means any field of engineering in the discipline of chemical engineering.

scholarship means the Genevieve Greig Memorial Scholarship for Women in Chemical Engineering.

The Trust means the Genevieve Greig Memorial Trust.

3 Award and value of scholarship
(1) The Senate may award 1 scholarship each year on the recommendation of the Head.
(2) The value of the scholarship is at least $5,000 for each year for which it is held.
(3) The Head, after consultation with the donor, will determine the value of the scholarship each year.

4 Eligibility for award
An applicant is eligible for the scholarship, if the applicant-
(a) submits an application to the Head, by the closing date for applications; and
(b) is a domestic student within the meaning of the Fee Rules; and
(c) can provide documentary evidence of financial need; and
(d) is enrolled full-time in semester 3 of an approved undergraduate Engineering program, in a relevant field; and
(e) achieved a GPA of at least 4 during the first year of an approved undergraduate Engineering program.

5 Selection of award
(1) For the selection process, the Head must establish a selection committee, comprising-
   (a) the Head, or nominee, as chair of the committee; and
   (b) at least one member of the university's academic staff who is currently teaching in a relevant field; and
   (c) a representative of The Trust.
(2) The scholarship is awarded to the applicant showing greatest merit as demonstrated by-
   (a) academic achievement in courses undertaken in an approved undergraduate Engineering program; and
   (b) financial need; and
   (c) significant leadership and/or community service achievements; and
   (d) any other matter that the selection committee considers to be relevant to the applicant's future success in the engineering profession.
(3) The selection committee may decide to interview short-listed applicants.

6 Conditions for scholarship
(1) The recipient may hold the scholarship for up to 3 years, subject to the recipient -
   (a) continuing to be enrolled full-time in an approved undergraduate Engineering program, in a relevant field; and
   (b) achieving an overall GPA of 4 for each semester of study.
(2) If a recipient fails to satisfy rule 6(1), the recipient must show cause to the Head, why the scholarship should not be cancelled.
