THE RIO TINTO CHEMICAL AND METALLURGICAL ENGINEERING SCHOLARSHIP

(The scholarship was established in 2006 and is maintained by an annual gift from Rio Tinto.)

1 Purpose
The purpose of the scholarship is to encourage and support meritorious students in the final 3 years of study in the Bachelor of Engineering or Bachelor of Engineering (Honours) program in the field of chemical and metallurgical engineering.

2 Definitions
In these rules-
Approved undergraduate Engineering program includes the Bachelor of Engineering or Bachelor of Engineering (Honours) or integrated Bachelor of Engineering / Master of Engineering or Bachelor of Engineering (Honours) / Master of Engineering program, or a dual program that includes a Bachelor of Engineering or Bachelor of Engineering (Honours) program.
Bachelor of Engineering program includes a dual program that includes a Bachelor of Engineering program.
Head means the Head of School, School of Chemical Engineering.
relevant field means chemical and metallurgical engineering.
scholarship means the RioTinto Chemical and Metallurgical Engineering Scholarship.

3 Award and Value of scholarship
(1) The Senate may award one scholarship each year on the recommendation of the Head.
(2) The value of the scholarship is $8,000 for each year for which it is held.

4 Additional benefits of scholarship
(1) Rio Tinto may offer the recipient any of the following opportunities -
   (a) thesis mentoring;
   (b) an ambassadorial role;
   (c) vacation employment at any Rio Tinto site for any period during the tenure of the scholarship, to be determined by RioTinto in consultation with the recipient.
(2) If the recipient is required to relocate away from their place of residence to undertake vacation employment, Rio Tinto has agreed to pay travel expenses and a contribution towards living expenses, reasonably incurred by the recipient.

5 Eligibility for award
An applicant is eligible for the scholarship, if the applicant -
(a) submits an application to the Head, by the closing date for applications; and
(b) is a domestic student within the meaning of the Fee Rules; and
(c) is enrolled full-time in the second year of an approved undergraduate Engineering program in the relevant field; and
(d) does not hold another scholarship that the Head considers to be similar.

6 Selection of award
(1) For the selection process, the Head must establish a selection committee, comprising -
   (a) the Head, or nominee, as chair of the committee; and
   (b) one representative of RioTinto; and
   (c) academic staff members who are currently teaching in the relevant field, with university staff comprising the majority.
(2) The scholarship is awarded to the applicant showing greatest merit as demonstrated by-
   (a) academic achievement in courses undertaken during the first two semesters of an approved undergraduate Engineering program; and
   (b) personal qualities, including leadership potential; and
   (c) strength of interest that the applicant demonstrates in completing at least one period of vacation employment at Rio Tinto; and
any other matter that the selection committee considers to be relevant to the applicant's future success in the engineering profession.

(3) The selection committee may decide to interview short-listed applicants.

7 Conditions for scholarship

(1) The recipient may hold the scholarship for up to 3 years, subject to the recipient -
   (a) continuing to be enrolled full-time in an approved undergraduate Engineering program in the relevant field; and
   (b) achieving a GPA of at least 5 for each semester of study; and
   (c) conducting themselves in a professional manner while performing any ambassadorial role or duties of vacation employment.

(2) The donor may choose to extend the scholarship to 4 years in total for students transferring into the Bachelor of Engineering / Master of Engineering program in the relevant field.

(3) If a recipient fails to satisfy rule 7(1), the recipient must show cause to the Head, why the scholarship should not be cancelled.
