The Metso Mining Scholarship For Metallurgical Engineers

(The scholarship was established in 2012 and is maintained by an annual gift from Metso.)

1 Purpose
The purpose of the scholarship is to encourage and support meritorious students in years 3 and 4 of study in the Bachelor of Engineering / Master of Engineering program in the field of chemical and metallurgical engineering.

2 Definitions
In these rules-
Approved undergraduate Engineering program includes a dual program that includes a Bachelor of Engineering program and the integrated Bachelor / Master of Engineering program
Head means the Head of School, School of Chemical Engineering.
relevant field means chemical and metallurgical engineering.
scholarship means the Metso Mining Scholarship for Metallurgical Engineers.

3 Award and Value of scholarship
(1) The Senate may award one scholarship each year on the recommendation of the Head.
(2) Senate may award the scholarship to another person in a later year only if the earlier recipient no longer holds the scholarship
(3) The value of the scholarship is $8,000 for each year for which it is held.

4 Additional benefits of scholarship
(1) Metso may offer the recipient any of the following opportunities - (a) thesis mentoring; (b) an ambassadorial role; (c) vacation employment at any Metso site for any period during the period in which the recipient holds the scholarship, determined by Metso in consultation with the recipient.

5 Eligibility for award
An applicant is eligible for the scholarship, if the applicant - (a) submits an application to the Head, by the closing date for applications; and (b) is a domestic student within the meaning of the Fee Rules; and (c) is enrolled full-time in the third year of an approved undergraduate Engineering program in the relevant field; and (d) does not hold another scholarship that the Head considers to be similar.

6 Selection of award
(1) For the selection process, the Head must establish a selection committee, comprising - (a) the Head, or nominee, as chair of the committee; and (b) two representatives from Metso; and (c) academic staff members who are currently teaching in the relevant field, with university staff comprising the majority.
(2) The scholarship is awarded to the applicant showing greatest merit as demonstrated by- (a) academic achievement in courses undertaken during the first four semesters of an approved undergraduate Engineering program; and (b) personal qualities, including leadership potential; and (c) strength of interest that the applicant demonstrates in completing at least one period of vacation employment at Metso; and (d) any other matter that the selection committee considers to be relevant to the applicant's future success in the engineering profession.
(3) The selection committee may decide to interview short-listed applicants.
7 Conditions for scholarship
(1) The recipient may hold the scholarship for up to 2 years, subject to the recipient -
   (a) continuing to be enrolled full-time in an approved undergraduate Engineering program in the relevant field; and
   (b) achieving a GPA of at least 5 for each semester of study; and
   (c) conducting themselves in a professional manner while performing any ambassadorial role or duties of vacation employment.
(2) If a recipient fails to satisfy rule 7(1), the recipient must show cause to the Head, why the scholarship should not be cancelled.
