STAT1201

BE/BSc students

Enrolment in STAT1201 is not permitted in the BE program. Students must complete the engineering statistics course relevant to their BE major – STAT2201 or STAT2202 or STAT2203 or CHEE2010 or CHEE3010 or MINE3214.

BE/BSc students will receive exemption for STAT1201 in the BSc on completion of the equivalent engineering statistics course.

All students enrolling in a BE dual degree program must meet with the first year engineering academic adviser before enrolling.

Contact: enquiries@eait.uq.edu.au to arrange an appointment.
